

LISTING OF CLAIMS:

1. (Previously Presented) An immunogenic composition comprising a hydrophobic complex consisting essentially of proteosomes, at least one glycolipid and a pharmaceutically acceptable carrier.

Claims 2-3 (Canceled)

4. (Previously Presented) The immunogenic composition of claim 1, wherein the proteosomes are isolated from *N. meningitidis*.

Claims 5-16 (Canceled)

17. (Previously Presented) The immunogenic composition of claim 1, wherein the glycolipid is ganglioside.

18. (Previously Presented) The immunogenic composition of claim 1, wherein the proteosomes are isolated from *Neisseria*.
